

# NEEDS HOME OR FOSTER HOME SOON!

## ANIMAL SHELTER WILL COVER COST OF SHOTS AND SPAYING

Pit Bull Mix found in ditch near 11th St. and Ella. Feet are injured so dog can't walk much. She is very quiet and mostly sleeps all day. Currently taking antibiotics and the vet says her feet should heal up okay in time. She lets us put pills down her throat and we put socks on her back feet when we take her outside. She has shown no signs of aggression.

Currently staying in a manufacturing shop and needs a home or foster parent soon. Seems to be housetrained, she stays in the shop by herself all night and has had no accidents inside. She is alone from 5pm until 7am the next morning. No room for her at the animal shelters. Most will put her to sleep. One rescue place has agreed to help pay expenses if she can find a foster home.

Call 281-861-7616  
if you can help.
